

BUNN DUAL THERMOFRESH

Brewing made simple.
Quality meets quantity.

FEATURES + BENEFITS

- Coffee anywhere – with the server ready to dispense from any location, the Single Thermofresh offers flexibility to brew in one place and serve in another.
- Exceptional extraction – smart technology guarantees you're getting the most flavour out of your coffee. Pre-infusion, pulse brew, and digital temperature control – they all combine to create maximum flavour.
- Fresher for longer – Thermofresh servers are vacuum insulated, giving you long-lasting, fresh, hot coffee for hours.
- Tailored to you – not only can you brew in three different batch sizes, the Thermofresh smart technology stores individual recipes helping you brew a wide range of coffees with ease.
