

THERMOPLAN B&W3 CTM2 + UNDERCOUNTER FRIDGE

Quality at the touch of a button.
World-class milk. Swiss made modularity.

FEATURES + BENEFITS

- Made to last – the Black&White 3 is built to last – durable aluminium grinders, ceramic burrs and a solid stainless steel chassis deliver durability and reliability. Clever modularity also allows front-end module access, minimising down time.
- Versatile and customisable – a wide range of popular drinks and a customisable LED colour touch screen means the B&W3 can help you deliver the complete coffee offer.
- Quality drinks every time – patented milk technology and the finest quality components guarantee that every B&W coffee will be as incredible as the last. This unique milk system prepares creamy, firm and consistent milk foam without the requirement for an annual Pressure Vessel Inspection.
- Key features – automated cleaning, 13amp power supply, Pressure Vessel Inspection not required, exchangeable modular design and undercounter fridge.
