Weight (kg): 13

COLLABORATIVE. COMMITTED. COMMERCIAL.

collectiv

The global espresso standard fluid and harmonious workflow

- A high-performance, stylish machine, with technical and ergonomic features such as the push and pull steam lever and soft-touch backlit control panel
- Effective PID system for electronic control of the desired temperature and bypass system that adjusts the pump pressure to the desired level
- Features Simonelli's "Cool Touch" steam wand, which includes a protective coating to prevent scalding.
- Compact size, low weight and reduced ignition times
- Professional filter holder with wooden handle, four color schemes (black, guacamole, taupe and red), and a micro-perforated stainless-steel grid.

Capacity at peak (Low capacity)

Capacity per day (Low capacity)
